Temple Strike Contingency Fund
c/o PASNAP
One Fayette St, Suite 475
Conshohocken, PA 19428

Dear Temple Strikers,

On behalf of the 22,000 nurses and other healthcare workers of SEIU Healthcare Pennsylvania, our Executive Board and the Nurse Alliance, we support the courageous stand you have taken for your patients and your profession. We are outraged that Temple University Hospital would use taxpayer dollars to wage an all out attack on your union with an agenda to lower standards not just at Temple, but across our state. Healthcare workers and our patients deserve better!

Our members stand ready to show their support, both financially and on your picket line. Our Executive Board has approved the enclosed check in the amount of \$5,000.00 for your contingency fund. In addition, please keep us informed as your plans develop so that our members can participate in solidarity at the highest level.

All the best to you and your families. Your victory will be a victory for all healthcare workers and for our patients.

In Solidarity,

Neal Bisno
President
